## Internship Program Admissions

**Briefly describe in narrative form important information to assist potential applicants in assessing their likely fit with your program. This description must be consistent with the program's policies on intern selection and practicum and academic preparation requirements:**

Applicants who have clinical training and experience relevant to work in the areas of pediatric health and child and adolescent psychology and/or clinical neuropsychology are a good fit for our program. We are interested in applicants who have completed several doctoral practicum placements in pediatric hospitals and/or outpatient centers with a medical focus/ area of interest. For example, for the Pediatric Health track, students with experience working with diabetes, hematology/ oncology, gastroenterology, pulmonology, neurology, and nephrology conditions is preferred. For the Neuropsychology track, students with testing experience working with seizure disorders, hematology/ oncology, TBI, and other neurological conditions in a pediatric setting is preferred. Experience working with children and adolescents rather than adult populations is necessary.

**Does the program require that applicants have received a minimum number of hours of the following at time of application? If Yes, indicate how many:**

Total Direct Contact Intervention Hours		Y	Amount: 400
Total Direct Contact Assessment Hours		Y	Amount: 100 for PH track/ 150 for NP track

**Describe any other required minimum criteria used to screen applicants:**

We offer a well-rounded internship experience and seek out applicants who have had experience in the three areas of training: psychotherapy, assessment, and consultation liaison/ pediatric health experience.
