

MEDITECH Expanse TIP SHEET

Provider Sign Icon

The Sign List allows providers to sign or co-sign orders, documents and deficiencies/delinquencies. MPF/HPF documents on patients who are 30 days post-discharge will be signed in the Sign List.

The screenshot displays the MEDITECH Expanse interface for a patient named Training, PatientSixty. The top navigation bar includes icons for Return To, Home, Chart, Document, Orders, Discharge, Menu, Sign, Workload, and Close. The main content area is divided into several sections:

- Summary:** Shows widget data for 09/12/22 (ADM IN). It includes sections for Diagnostic Imaging Reports (Chest X-Ray, Draft, 09/12/22), Personal Notes (No Data to Display), Outstanding Orders (No Data to Display), and Orders Snapshot (Past 7 days).
- My Widget:** Displays a list of clinical data points:

The screenshot shows the Sign List interface with four numbered callouts explaining its features:

- 1** shows you a list of patients that need orders or documents that need to be signed.
- by selecting the date, allows you to sort the list by Date, Ready for Sign, Patient, Status, Priority, Cosign.
- This icon allows you to select signing options by signing provider or items for provider.
- Refresh icon.

The Sign List interface includes a search bar, a list of documents (Training, PatientSixty 31/F, M00000006327, Adult History & Physical), and a Submit button. A blue arrow points from the first callout to the patient list, and another blue arrow points from the second callout to the date dropdown menu.
