

### Tele Medicine instructions.

- The provider needs to install the “Zoom” application on his/her computer or/and phone
  - Zoom is available for free download from: [zoom.us](https://zoom.us)
  - ZOOM is also a free app from the Play store (Android) or from the App Store (iPhones)
  - No account is required to attend a call.
- 

- 1-The Nurse starts the Zoom conference and contact the provider.
- 2-The provider opens up the “zoom” application on his/her device.
- 3-The provider selects “Join a meeting”
- 4-The provider types the meeting number (10 digit number – provided by the Nurse)
- 5-The nurse “accepts” the meeting guest in “ZOOM”
- 6- The nurse brings the WOW in place, by the patient.
- 7- The provider selects: **Requests Camera Control.**
- 8- The Provider move and Zoom the camera as needed.

- 9- Once the consult is over, the Provider selects: “Leave the Meeting”.
