Introduction

NICKLAUS CHILDREN'S HOSPITAL is a private, non-profit 283 bed facility which provides medical care services for children from birth through twenty-one years of age. The hospital was established in March 1950 as Variety Children's Hospital.

Nicklaus Children's Hospital Children's Child Life team is part of the Children's Experience Department which strives to create a positive and optimistic hospital experience through a therapeutic and expressive environment.

In accordance with this goal, our Child Life program's mission is to assess children's psychosocial and developmental needs in order to create an individualized plan of care through advocacy, education, and empowerment thereby normalizing the hospital environment and promoting best possible outcomes with a focus on family centered care.

The Child Life team at Nicklaus Children's Hospital consists of Certified Child Life Specialists who help provide developmental, educational, therapeutic and recreational interventions for children and their families by creating the most positive the hospital experience.

Practicum Rotation Units Currently Available

Possible unit rotations can include in-patient and outpatient patient units that provide Child Life services.
