In this July issue of Milestones in Medical Education, we feature the Medical Education activities for the past two months. May and June of each academic year mark a bitter sweet time in the cycle of the academic year. On one hand, we prepared for the end of a chapter in the academic year, from Scholarship Day, to Residents’ Day, to Graduation, and on the other hand we prepared for our new residents and fellows orientation welcoming an excited group of trainees who call MCHS/NCH now their academic home. And now that awards have been given, recognitions awarded from trainees to staff and from staff to trainees, tears have been shed as trainees leave to more training or joining the workforce, we look at the upcoming academic year with hope and excitement to continue our academic and research mission to prepare the Pediatric and Pediatric Specialists of the future.

This Red, White, and Blue July issue of the Milestones newsletter features accomplishments of Medical Education trainees up to the last months of the academic Year:

◊ Medical Education and the Research Institute held the Annual Residents and Fellows Scholarship Day

◊ The Class of 2016 graduation of Residents and Fellows celebrated the graduates and their families

◊ NCH trainees & faculty continue to showcase their scholarly work in print and on the national academic stage

◊ The Pediatric residency program selects its chief residents for the 2017-2018 academic year

◊ NCH trainees continue to receive NCHWay e-recognition for professionalism and empathy

◊ NCH new trainees completed their orientation and onboarding process

As we look forward to this new academic year, we look at exciting new ventures that will mark this year for the Nicklaus Children’s Hospital in general and Medical Education in particular. This is the year where in few months, the anticipated move to the new Advanced Care Pavilion will become a reality. This is the year where our Medical Education, in collaboration with Miami Children’s Research Institute will continue to enhance the clinical and outcome research ventures placing MCHS/NCH on the forefront of Pediatric care and innovation. We look forward to an exciting new year and new milestones that will mark the accomplishments in this upcoming new year. Let the fireworks begin!!!

Rani S. Gereige, MD, MPH - DIO
Milestones in Scholarship
The 8th Annual Scholarship Day; A Success!!!

On June 17, 2016, the 8th Annual Residents and Fellows Scholarship Day was held by the MCHResearch Institute and the Miami Children’s Health System/Nicklaus Children’s Hospital Department of Medical Education. A total of 42 abstracts were submitted in the categories of Original Research (18 Abstracts), Case reports (14 Abstracts), and QI Projects (10 abstracts). The abstracts were peer-reviewed and scored by independent faculty reviewers. The following first authors had winning abstracts in the following categories:

1– Residents Original Research:
- **First Place**: Kirstin Henley, MD (Peds Resident)
- **Second Place**: Zara Nensey, DMD (Dental Resident)

2– Fellows Original Research:
- **First Place**: Michael Fundora, MD (Peds Cardiology Fellow)
- **Second Place**: Marina Bishai, DO (Academic Hospitalist Fellow)

3– Case Reports:
- **First Place**: Maggie Seblani, DO (Peds Resident)
- **Second Place**: Paul Madera, MD (Peds Resident)

4– QI Project:
- **Winning Project**: Dominick Figueroa, MD (Peds Resident)

Congratulations to all submitting authors, winners, and faculty mentors. Below is the listing of all submitted abstracts:

NCH Trainees Compliments and e-Recognitions

Sayaka Imagawa, MD (PGY3)

Dr. Sayaka Imagawa received an MCHSWay e-Recognition from Vera Berry for her Collaboration, responsibility, Empowerment, Advocacy, Transformational, and Empathy. Vera wrote: “I just wanted to thank you for being such an awesome resident and giving so much of yourself into our unit. You have been so excellent to every single patient there and we appreciate it more than I can say.” Congratulations Sayaka for your display of the MCHSWay.

Milestones in Hospital National Ranking and Recognition
Nicklaus Children’s Hospital Achieves National Recognitions

NCH ICUs Receive Gold Level Beacon Award

On May 9th 2016; Nicklaus Children’s specialized intensive care units – the Cardiac Intensive Care Unit (CICU), Neonatal Intensive Care Unit (NICU) and Pediatric Intensive Care Unit (PICU) – have achieved a gold-level Beacon Award for Excellence in patient care this year from the American Association of Critical-Care Nurses (AACN). Gold is the highest level of Beacon Award recognition. This puts Nicklaus Children’s in a rare category.

NCH is one of only two free-standing pediatric hospitals in the nation to have achieved the status of having three ICUs awarded gold-level Beacon Awards. The Beacon Award for Excellence recognizes unit caregiver teams that successfully improve patient outcomes and align practices with AACN’s six Healthy Work Environment Standards. CONGRATULATIONS!!!!

NCH Pediatric Specialty Services Ranks Again Among the Best in the Nation!!!

Nicklaus Children’s Hospital continues to excel and gain recognition in the delivery of health services for children and adolescents. According to U.S. News & World Report’s 2016-17 “America’s Best Children’s Hospitals” rankings, posted online on June 27th 2016, eight pediatric specialty programs at Nicklaus Children’s Hospital were listed among the nation’s best.

The hospital has more ranked pediatric programs than any other hospital in South Florida.

Nicklaus Children’s 2016-17 rankings are as follows:

- Cardiology & Heart Surgery, #40
- Diabetes & Endocrinology, #37
- Gastroenterology & GI Surgery, #47
- Neonatology, #25
- Neurology & Neurosurgery, #13
- Orthopedics, #32
- Pulmonology, #28
- Urology, #39

CONGRATULATIONS!!!!

Save the Date.
The Annual Fellows Research Minicourse
August 1-5th; 2016
(3:00pm-4:30pm)
On June 10th, 2016; the Department of Medical Education celebrated the graduation of the Class of 2016 of Pediatric, dental, and Pharmacy Residents, Psychology Interns, and Subspecialty Fellows at the Biltmore hotel. The morning started with the “Dr. Ramon Rodriguez-Torres Annual Lectureship” Grand Round. Dr. Lisa Simpson, President and CEO of AcademyHealth presented the Grand Round and delivered the graduation keynote Address to the graduate in the same evening. Congratulations to all the graduates and the award recipients. Below are some pictures from the celebration events.

The department of Medical Education celebrated on Friday June 3rd, 2016 the graduation of the Class of 2016 of the Pediatric Dentistry Residents at the Coral Gables Country Club. Four residents completed the 2-year program and joined the workforce.

Milestones in Publications
MCHS Medical Education Faculty Contribute to Published Literature

The Critical Care Division’s Publications Hot off the Press

Dr. Totapally and the Pediatric Critical Care Division had the following publications hot off the press:

6. Dr. B. Totapally was notified that his book chapter titled: “Antibiotic Resistance: Global Problem with Local Solutions” submitted for the publication in eBook series Frontiers in Clinical Drug Research-Anti Infectives was accepted for publication.

7. Dr. Luis Lee (Pediatric Critical Care Fellow) and his faculty mentor Dr. B. Totapally were notified that their abstract titled: “Epidemiology And Outcomes Of Children With Diabetic Ketoacidosis Presenting With Cerebral Edema”, has been accepted for poster presentation at the 14th Annual Neurocritical Care Society Meeting, which is being held in National Harbor, MD, September 15 – 18, 2016. Congratulations.

Milestones in Chief Residents Selection
The Pediatric Residency Program Names its Chief Residents for 2017-2018 Academic Year

The Pediatric Residency Program selected its Chief Residents for the Academic Year 2017-2018. After much deliberation and consideration, the Pediatric Residency Program selected its 2017-2018 chief residents from a list of highly qualified and interested candidates. The upcoming Chief Residents for the 2017-2018 Academic Year are:

- Maggie Seblani, DO
- Annette Medina, MD

CONGRATULATIONS!!!
